COMMENTS:

HART has reviewed the above request. HART provides local service to this area on Route 15 (Columbus Drive), Route 32 (Martin Luther King Boulevard), and Route 41 (Sligh Avenue). The routes travel on Hillsborough Avenue and Harney Road. The site is approximate .52 mile away from the Netpark Transit Center that provides connections to eight routes.

HART has no objection to the proposed project if the following conditions are included to ensure that transit provisions will remain on the site plan.

- Five numbered conditions regarding ADA accessibility, transit stop connections, shelter provision, stop coordination, and multi-modal alternatives.

The developer must provide advance notification of the schedule and timing of the installation of the transit pads with Daniel Rodriguez, Project Manager. Please contact Daniel Rodriguez prior to installing the pads at (813) 223-6831, extension 1712 or send e-mail to rodriguez@gohart.org.
